## Getting Started

### Introduction

Welcome to the State of Nevada Unemployment Insurance Claimant Self Service (CSS) system. You can use this online system to file an unemployment insurance claim, file your weekly claim, check on the status of an existing claim, and more. This reference guide provides instructions on how to perform these activities.

Filing a claim for Unemployment Benefits involves two steps:

1. Registering and applying for benefits (providing information about you, your past employment, your separation from employment, and other information to establish your claim for benefits and to help determine your eligibility). If you are determined eligible for benefits, your weekly benefit amount will then be determined.
2. Filing a weekly claim to certify your unemployment for the past week and to request a weekly benefit payment. To continue receiving benefits, you will need to file a claim for each week to verify your ongoing eligibility.

For additional information about claim eligibility and the overall process, refer to the "Nevada Unemployment Insurance Facts for Claimants" handbook.

Depending on the screen, some screens show a main menu on the left hand side that shows you where you are in a process or that allows you to jump directly to different screens.

Some questions or field names have words or phrases that appear in blue, underlined text. You can click on these "hyperlinks" to get additional information about the information being requested.

Note that you should not use the Internet browser's **Back** button to navigate through the screens in CSS. Instead, you should use the buttons on the screens (some screens contain a CSS **Back** button) or use the left-hand navigation menu to move between screens.

*Note that the screenshots used throughout this guide are meant for illustrative purposes, and not all intended to be readable within this document.*

## Step 1: Registering as a New Claimant

### Background

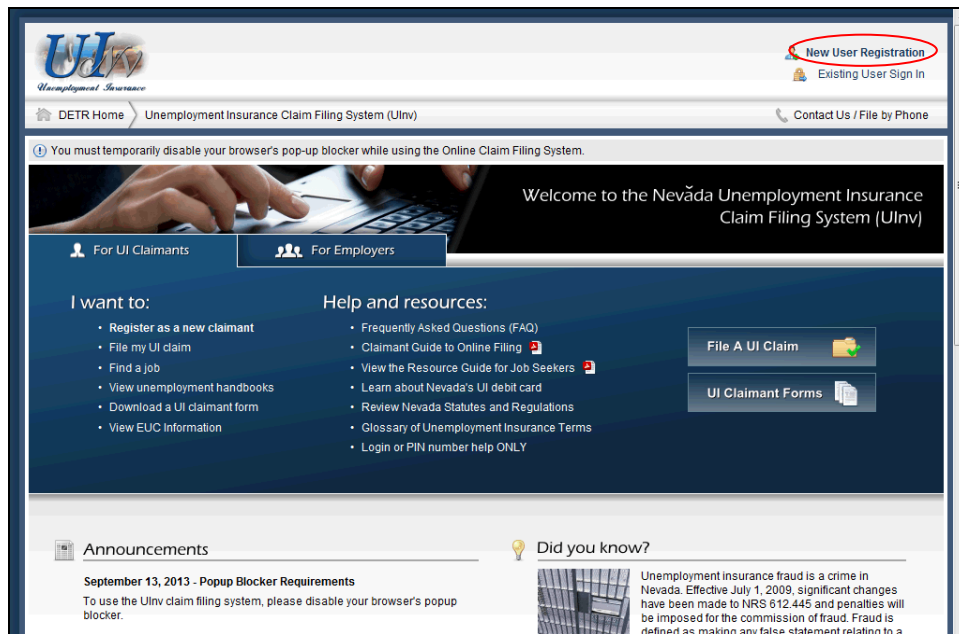

The first step in the online claims process is to create a new online claimant account. Doing so involves creating your username and password, providing other basic information, and setting your security questions and image. After creating your account, you should continue with the instructions on how to complete your registration and apply for benefits.

In the future, if you need to file another claim, and have previously established an online CSS account (e.g., because of a prior claim), you should login by entering your username, password, and security questions. Once you gain access to the system, you should validate that your registration information is still accurate and then proceed to the instructions on Applying for Benefits to file a new claim.

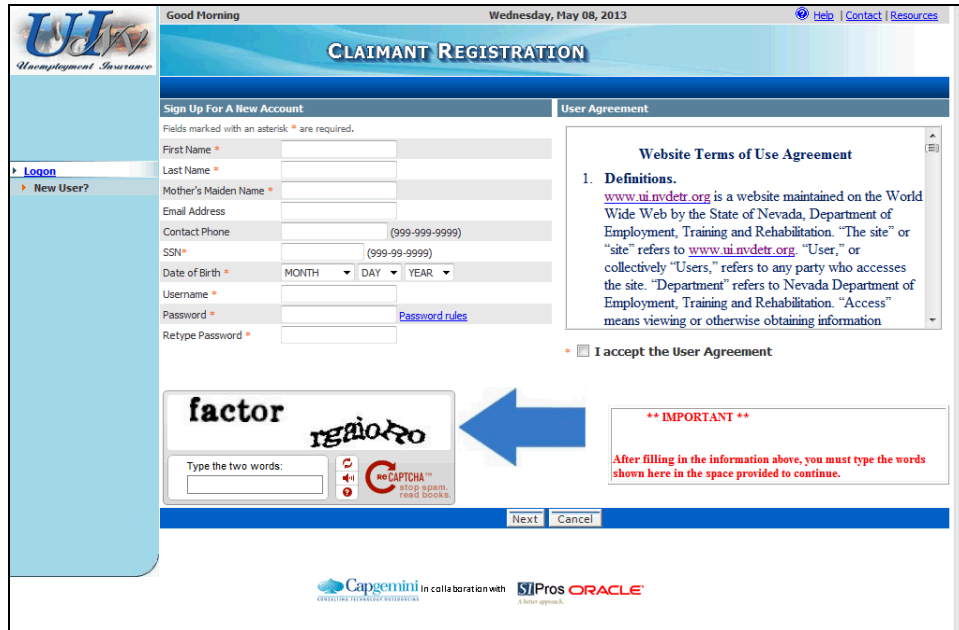

Note that all claimants, including those who have filed using our former internet claim system, will need to create a new online claimant account in order to access CSS.

### Instructions

1. Connect your computer to the following internet address: [www.ui.nv.gov](http://www.ui.nv.gov)

2. Click on the **New User Registration** link in the upper right of the screen.

3. Complete the fields on the "Claimant Registration" screen. Note the following:

- Fields marked with an asterisk (\*) are required and must be completed before advancing to the next screen. (It is suggested that you also include as much non-required information as possible to help the Division locate your information if there are multiple claimants with the same name as yours.)
- If you have only a single name (e.g., "Cher"), you should enter a period (.) or dash (-) in the **First Name** field and enter the single-name (e.g., Cher) in the **Last Name** field.
- Create a username that is unique to you, but one that you can easily remember. Your username must be between 8 and 20 characters in length, must contain only alphanumeric characters, and cannot contain any spaces.
- Your password should be information that only you know and that is difficult for others to determine. Be sure to click the **Password Rules** link to review specific password criteria. The more complex your password, the greater the security strength.
- Be sure to read the important information in the "Website Terms of Use Agreement" section before proceeding. You will need to scroll down within the section to read all of the text.
- Be sure to click the **I accept the User Agreement** option.
- The system uses randomly generated, wavy, "Captcha" text to help ensure the information you enter is not generated by a computer. You must read the two words in the system verification frame and then type them into the text field. If you have difficulty reading the words, you can click **Get a new challenge** button to the right of the entry field to request a new set of words.
- After entering information on this screen, click the **Next** button.

To file the initial claim, you will need the following:

- Social Security Number
- Names, addresses, phone numbers and dates of employment for your last two employers
- If you are not a U.S. citizen, an Alien Registration Number

To reopen a claim, you will need the following:

- Social Security Number

**Important Information**  
No deduction from a workers' wage funds unemployment insurance. It is funded by employer contributions.

If you do not complete a claim application within seven (7) calendar days, you will need to start over.  
You are responsible for the accuracy of your names.  
Fraud is defined as making a false statement to receive benefits. Persons committing unemployment insurance fraud will be disqualified for a period of time and will not be eligible again until all benefits, penalties and interest are repaid.  
Fraud includes:

- Filing for benefits while incarcerated
- Using a name or Social Security Number that does not belong to you

Capgemini in collaboration with SIPROS ORACLE

12. The system returns you to the "Claimant Login" screen.

## Step 2: Completing Your Claimant Registration

### Background

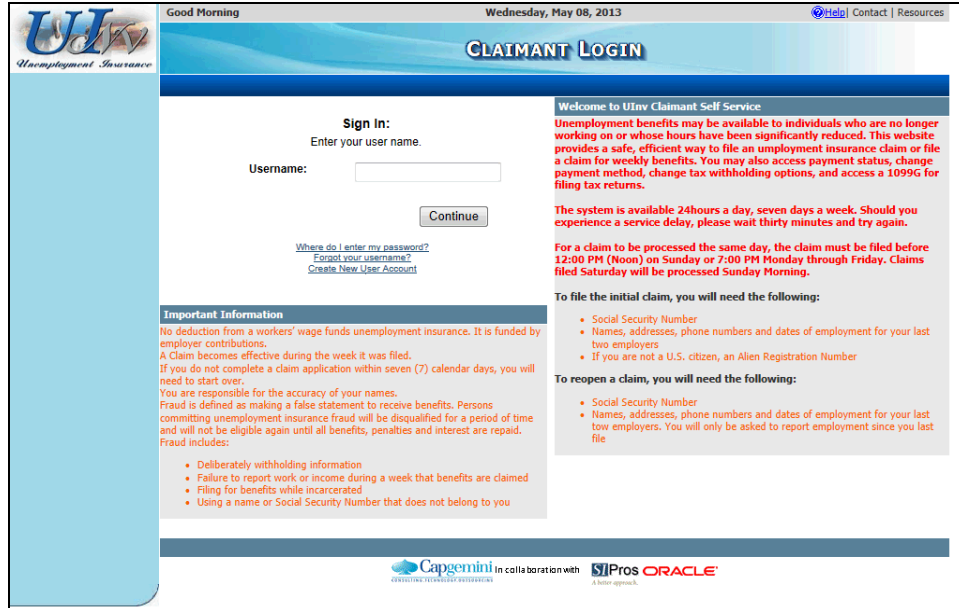

After creating your online CSS account, the next step in the filing process is to complete your online registration information. Doing so involves the following:

- Entering your Personal, Address, Contact, and Demographic Information
- Reviewing and/or updating your Wage and Employer information

Note the following:

- If you have an existing or prior claim that was created in the former system, some of this information may be pre-populated, in which case you would just update any out-of-date information and provide any missing required information. (In the future, if you are filing a new claim, and have completed your registration in CSS, the system will not require you to complete it a second time, however it suggested that you review and update your personal information as needed.)
- The system saves your responses as you move from screen to screen. If you leave the system without completing your registration or claim, you have seven calendar days to log back in to complete your filing. After seven days of inactivity, the system erases any partially saved information and you will have to start over. Be aware that the benefit period is based on the date your claim is completed, and not on the date you started.

## UNEMPLOYMENT INSURANCE BENEFITS ESTIMATOR

**MATTHEW R DANIEL PHD**

The Unemployment Benefits Estimator is a preliminary determination of your potential eligibility for unemployment insurance benefits. The information below is based solely on wages currently on file in Nevada and is valid only for use with a claim filed today. Keep in mind that these results are an estimate presented for illustration purposes only. This estimate is not a guarantee of benefits.

**Missing Wages:** The Estimator will not show wages:

- Earned and reported in another state during your base period.
- Earned by working for the Federal Government.
- Earned while in the military.

Any wages earned from the above will be added as a result of claim filing.

### Base Period Quarterly Wages

A year is separated into four calendar quarters (January through March, April through June, July through September, and October through December). For Nevada claims, a Base Period is the first four of the last completed calendar quarters at the time you file your initial application. The first four quarters (dates) displayed below are your base period (see Claimant Handbook link in [Resources](#) for diagram).

Your employer(s) reported the earnings displayed during the listed periods.

	(#1) 10/01/2011 through 12/31/2011	(#2) 01/01/2012 through 03/31/2012	(#3) 04/01/2012 through 06/30/2012	(#4) 07/01/2012 through 09/30/2012	(#5) 10/01/2012 through 12/31/2012

* Do you have missing or incorrectly reported wages in the base period listed above?					
The wages reported are correct					

### Current Quarter Estimate

If you file your claim between 01/06/2013 and 04/06/2013, this would be your estimated benefit amount.

  - The "Current Quarterly Estimate" section contains the following information:
    - Monetary Eligibility** indicates, based on the existing records, whether you have earned enough money during the base period on which to base a claim.
    - If deemed eligible, the **Weekly Benefit Amt** is the amount you are eligible to receive during each week of unemployment (based on the wages listed).
    - If deemed eligible, the **Number of Weeks** is the maximum number of weeks you can draw unemployment checks, up to a maximum of 26 weeks.
    - If deemed eligible, the **Maximum Benefit Amount** is the maximum amount of money you can draw during the claim period.
  - Notice the **Print** button at the bottom of the screen. It is recommended that you print this screen so you will have this information available.
  - Click the **Continue to File Claim** button and continue with the instructions in the next section.

## Step 3: Applying for Benefits

### Background

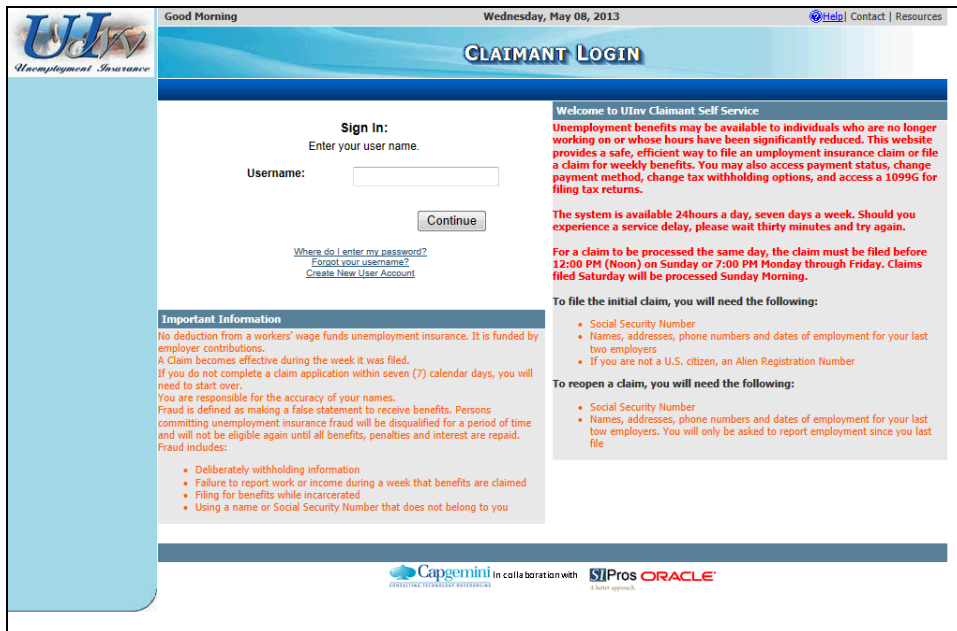

After completing your registration, you are ready to apply for benefits (set up your initial claim). Doing so involves the following:

- Providing required eligibility information
- Verifying and updating employment history and information about your last employer (and possibly your next-to-last employer)
- Providing information about your separation(s) and your work search
- Reviewing the information you entered and submitting your claim
- Providing additional information through dynamic fact finding (DFF), if prompted

Note the following:

- After applying for benefits, you will need to file a weekly claim each week in order to receive benefits (discussed in the next section).
- This section is specific to setting up an initial claim. If you had a break in your weekly filing process and need to re-open an existing claim, you should refer to the section on Reactivating a Claim.

### How to claim weeks of Unemployment Insurance

There are two steps to UI claims filing:  
 1. Establish a claim for benefits, which you have just done and  
 2. Certify a week of unemployment and request a weekly benefit payment.

When you establish a claim for benefits, you have not requested a week's payment, you have created a claim. To receive a weekly payment, you must use this UIrv system OR call into our weekly claim filing system called QuickClaim the following Sunday, and request payment for the week. Claims become effective in the week they are filed. A claim week is from Sunday at 12:01 am to Saturday midnight. You may not claim a week's payment until the week has ended.

For example, you created a claim for benefits on Friday, January 3rd.  
 The claim week ends Saturday, January 4th.  
 You may claim the week ending Saturday, January 4th any time between Sunday January 5th – Saturday January 11th.

If you wish to claim a week before the week you filed your claim, you must request a backdate when filing your claim. In order to receive a backdate you must have an explanation why you did not file earlier, have been able, available, seeking work and provide a verifiable work search for the period of time you are requesting to be paid.

**While filing for Unemployment Insurance Benefits, you must meet the work registration requirements of the state in which you live. By filing a UI claim you have also registered for work in Nevada and meet this requirement. However, if you live outside Nevada, your local Job Service office can advise you how to register in that state.**

**Advisory: At any time during claim filing, you may receive a letter or email requesting you appear in person at a Nevada JobConnect office and/or participate in a reemployment program. Information regarding programs you must participate in if selected are found in the Nevada Unemployment Insurance Facts for Claimants Handbook. This is to ensure that Unemployment Insurance claimants continue to meet eligibility**

14. Once you have completed all outstanding fact finding, you will arrive on the "File Claim Confirmation" screen.

- Be sure to carefully read the information on this screen.
- This screen contains your **Confirmation Number** as well as additional information you will need to begin filing your weekly benefit claims. It is recommended that you use the **Print** button at the bottom of the screen print a copy of this information for your records.
- Now that your initial claim has been filed, you will need to file weekly claim certifications beginning the first Sunday date following your initial claim filing. If you need assistance with filing your weekly claim certifications, please refer to the next section of this guide book.

## Step 4: Claiming Weekly Benefits

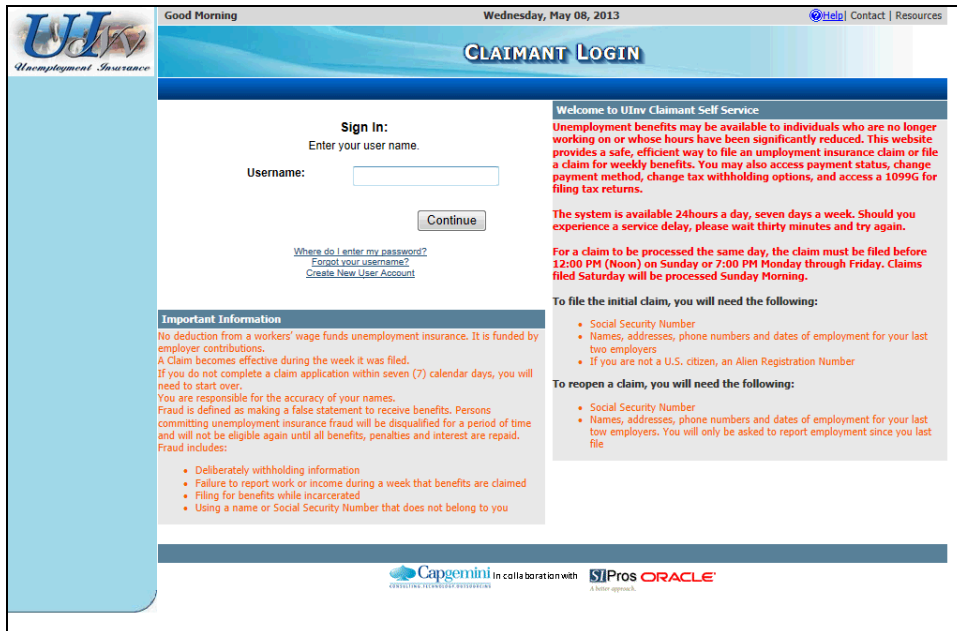

### Background

In order to certify your eligibility, you need to file a weekly claim for each week you wish to request a benefit payment. Benefit weeks begin on Sunday at 12:01 a.m. and end on the following Saturday at midnight. You may not claim a week's payment until the week has completed.

Note that if you have a break in filing for three or more weeks, and your claim is inactive, you should advance to the section of this guide book on Reactivating a Claim.

**WEEKLY CLAIMS: IMPORTANT INFORMATION**

KAYTLIN M GURLEY ED

You have selected to file an Unemployment Insurance Weekly Benefit Claim.  
In accordance to Nevada state law any misrepresentation of information provided on this claim is eligible to be prosecuted by law.

PLEASE REMEMBER:

- When you file a weekly claim for benefits, you MUST report any and all work and income derived from that work, including but not limited to: Wages, show up pay, orientation pay, bonuses, commissions, and payments of a non-cash nature (room and board etc).
- Failure to provide accurate information or omitting information in order to receive benefits constitutes fraud.
- The Customer Self-Service System will accept claims for the prior week only. It is important that you file your claim for the previous week within seven (7) days of the week ending date.

EXAMPLE:

- Because the claim week ends at midnight Saturday, February 17, the last day to file would be Saturday, February 24.

If you do not file within seven (7) days, your claim may be considered untimely and potentially disqualifying. You will need to reactive your claim and request a backdate, provided you meet the backdate criteria.

## WEEKLY CLAIMS: WEEKLY CLAIM CONFIRMATION

**KAYTLIN M GURLEY ED**

The Nevada Department of Employment, Training and Rehabilitation is committed to meeting our Federal and State Requirements to pay benefits when due as efficiently as possible. Please watch your Homepage (after you log into the claimant self service application, click on the [Go to My Homepage](#) link) for the current status of your claim. If it has been less than 21 days since you filed your claim, we ask you to please allow the process to be completed and not call or visit our offices to inquire about the claim status. Your Homepage allows you to check on the status of your weekly payments.

If there are issues, they will be identified and listed on your Homepage. Until these issues are addressed, your claim will be on hold and payment cannot be made. Please respond to inquiries as soon as possible to avoid a delay in your payment. You can provide the information necessary by responding to our mail correspondence or by clicking on the hyperlinked issue(s) under the **"Issues Delaying Payment"** section (hyperlinked issues are the ones that appear in blue and are underlined).

You have successfully filed your weekly benefits for the week ending:  
**01/26/2013**

The confirmation number provided is for tracking purposes. You may print this page for your records.  
**Confirmation Number: 10439040**  
[Click here for DETR Contact Information](#)

You must keep a weekly record of your work search and be prepared to submit this record upon request of the Division. The Division regularly conducts work search verifications. Individuals are selected on a random basis for work search and in person identification verification. Always bring picture identification when selected for work search verification.

The Nevada JobConnect Office may select you for participation in an Employment Service Program. Failure to report to the Nevada JobConnect as requested or participate in the Employment Service program can result in a delay or denial of benefits. Work Search Records are requested at the time you are selected.

10. If any additional information is required based on your answers, the system will present you with a "Fact Finding" screen where you would need to click on any fact finding links and provide answers to any questions presented.
11. If there are no issues with your claim (or after completing any necessary fact finding), you will arrive on the "Weekly Claim Confirmation" screen.
  - Be sure to read the information on this screen, including your **Confirmation Number** and the section explaining your weekly job search activities.
  - It is suggested that you use the **Print** button toward the bottom of the screen to print the information (including your **Confirmation Number**) for your records.
  - If there are additional weeks for which you can claim benefits, you can click the **File My Next Available Weekly Claim** button. (Doing so will return you to the "Eligible Weeks" screen where you can complete your next weekly certification.)
  - If there are no additional weeks to file you, can choose to return to your "Claimant Homepage" to view your account information if desired or click the **Logoff** button.

## Reactivating a Claim

### Background

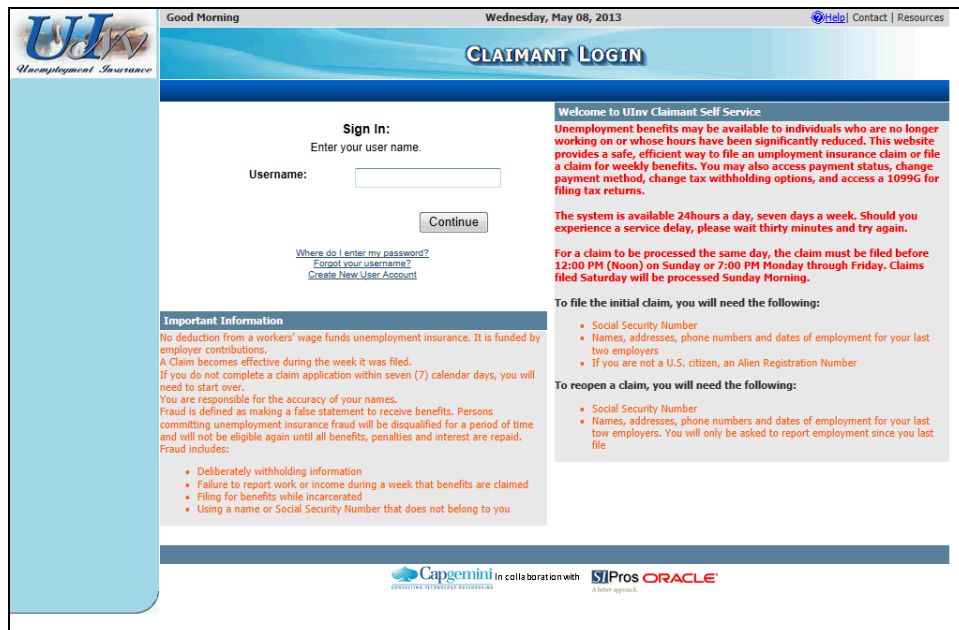

If you have a break in filing for three or more weeks (e.g., due to full time work, a new job you have since lost, or neglecting to request benefits), your claim will automatically become inactive. However, you will be able to reactivate your claim if the benefit year has not yet expired and if you have not yet exhausted the benefits.

Note the following:

- If you select to reactivate your claim, and indicate that you have not worked since your last reported separation, your claim will be reactivated.
- If you select to reactivate your claim, and indicate that you have worked since your last reported separation, the system will create an Additional Claim, and you will need to provide your last employer and the appropriate separation information.
- Once a claim is reactivated, you can request payments for prior weeks by contacting the Telephone Claim Center and speaking with a representative. However, a request for prior benefit weeks is not a guarantee, and may require adjudication.
